TO WHOM IT MAY CONCERN

This is to certify that during 2006-07, the performance of 'JINONG' the product of Elegant Fashion Fibre ^{chemicals} Ltd. was tested on Kharif Paddy in different Govt. Farms under this Subdivision. In the Jinong applied plots, plant exhibited better performance as whole particularly in respect of grainfilling over untreated plots as a result yield of the crop increased.

From the result, it can be said jinong will be proved efficacious to reduce the dose of chemical fertilizer to a great extent which is the target of the day.

I wish the concern every prospect.

Sub-divisional Agril. Officer
Burdwan Sadar
Burdwan.
